

Strategic Leadership

Level 7

Who would benefit from this qualification?

The ILM Level 7 Award in Strategic Leadership has been specially designed to give practising or potential senior managers and leaders critical evaluative skills for their formal development. The award invites participants to review different leadership theories relevant to their organisation and investigate organisational leadership performance by analysing a critical incident.

What does the qualification cover?

Learners are required to complete the two mandatory units, with a total credit rating of 12:

Mandatory units

- Leadership in practice (6 credits)
- Developing the reflective leader (6 credits)
